**\* Youth Voter Registration Surges in Delhi as SVEEP Activities Yield Remarkable Results**

**\* From 1,47,074 Lakh to approximately 2.43 Lakh: Delhi's Youth Embrace Voter Registration Drive**

**New Delhi,**

**May 05, 2024**

The concerted efforts of the Systematic Voters' Education and Electoral Participation (SVEEP) activities have sparked a significant surge in youth voter registration across Delhi. The final Electoral Roll published on January 22, 2024, shows a significant increase in the number of first-time voters in Delhi. The latest data reveals a remarkable increase from 1,47,074 to approximately 2.43 lakh first-time voters enlisted in the voting list. The CEO hoped that the final figure would increase upto approximately 2.5 lakh after the publication of Supplementary Electoral Roll. This achievement stands as a testament to the effective implementation of voter awareness campaigns targeting the youth demographic.

The Chief Electoral Officer, Delhi, Shri P. Krishnamurthy, further said that through extensive engagement initiatives, including Chunav Pathshalas (11,458), Electoral Literacy Clubs (Schools -1003 and Colleges-119) and Voter Awareness Forums (192), have been decisive in mobilizing young citizens to register themselves on the voter list.

SVEEP activities have been conducted on a large scale, encompassing a diverse range of initiatives such as street plays, drawing competitions, essay writing competitions, slogan contests, painting competitions, and voter awareness rallies across various districts. These activities have not only fostered awareness but have also instilled a sense of responsibility and participation among young voters.

Election awareness campaign was undertaken exclusively for the mass awareness of the self-help group women voters in the various part of the city. Through this awareness campaign the women voters were educated and motivated to participate in large numbers in voting process for the forthcoming Lok Sabha Election – 2024 in Delhi.
